

The First International Clinical Engineering and Health Technology Management Congress

[www.icehtmc.com](http://www.icehtmc.com)

HangZhou, China

Theme: Facilitating improvement of Healthcare delivery through deployment of health technology and innovation

## Welcome to ICEHTMC2015

Key health technology (HT) leaders in Peoples Republic of China (PRC) are planning the First International ICEHTMC in October 2015 in China to identify and address common global healthcare technology issues that are important for both local and global stakeholders. The ICEHTMC approach will incorporate faculty of decision-maker leaders from clinicians, administrators, clinical engineers, and industry. In addition, Clinical engineers (CE) will address the questions of how PRC and other countries can build and or enable the use of proper “smart, digital” hospitals in coming years that improve quality, safety, and care delivery.

## ICEHTMC Topics

ICEHTMC  
1

Improving healthcare delivery with use of health technology and innovation

ICEHTMC  
2

Starting an HT management (HTM) program in challenging locations

ICEHTMC  
3

Medical device maintenance/support models

ICEHTMC  
4

Benchmarking / using HTM best practices to improve existing HTM programs

ICEHTMC  
5

Handling of Single Use Devices, HT Accessories, and HT Supplies

ICEHTMC  
6

Establishing best practice HT Regulation & Risk Management (RM) programs

ICEHTMC  
7

Medical Device assessment and procurement best practices

ICEHTMC  
8

HTM Professional Development, Education, and Training

ICEHTMC  
9

HTA; to improve conduct of health technology assessment

## International Program Committee

**Dr. Zhou Dan** (President of Chinese Society of Biomedical Engineering Clinical Engineering Branch, China)

**Dr. Yadin David** (Principal at Biomedical Engineering Consultants, Chairman(member) of the FDA Advisory Panel, Founder and First President of ACCE, USA)

**Tom Judd** (Founding Member and Advocacy Chair of ACCE, USA)

**Professor Saide Calil** (Chairman of IFMBE-CED, Brazil)

**Dr. James O. Wear** (Co-founder and Co-chair of the Commission for the Advancement of Healthcare Technology Management in Asia, USA)

**Professor Paolo Lago** (Director of the Department of Clinical Engineering at Foundation “IRCCS Policlinico San Matteo”, Italy)

**Dr. Elliot Sloane** (President of Center for Healthcare Information Research & Policy, USA)

**Dr. Niranjana D. Khambete** (Secretary, Biomedical Engineering Society of India, India)

**Dr. John Robson** (Director, Statewide Biomedical Engineering Service, Australia)

**Dr. Koichi Umimoto** (Professor of Biomedical Engineering Dept., Osaka Electro-Communication University, Japan)

**Mr. Azman Hamid** (Managing Director, Next Level Technologies, Malaysia)

**Dr. Cari Borrás** (Chairperson, Health Technology Task Group, International Union for Physical and Engineering Sciences in Medicine, IUPESM, USA)

**J. Tobey Clark** (President, Health Technology Foundation, USA)

## Special Presenter

**Ms. Adriana Velazquez Berumen** (Senior Advisor on Medical Devices, WHO)

The First International Clinical Engineering and Health Technology Management Congress

HangZhou, China

**Preliminary Program of ICEHTMC2015  
Oct 20<sup>th</sup> : Registration and Presentation Uploading**

Oct 21 <sup>st</sup>	
<b>Opening of ICEHTMC 2015</b> <b>IFMBE CE Award Ceremony</b> Clinical Engineering Teamwork Award Best Clinical Engineering Article Award	09:00–09:30
<b>Plenary Session:</b> <b>Theme: Facilitating Improvement of Healthcare delivery through deployment of health technology and innovation</b>	09:30–12:00
<b>Lunch</b>	12:00–13:30
<b>Scientific Session 1:</b> <b>Theme: Starting an HT management (HTM) program in challenging locations</b>	13:30–16:00
<b>Scientific Session 2:</b> <b>Theme: Establishing best practice in HT Regulation, Risk Management (RM), and disaster preparedness programs</b>	13:30–16:00
<b>Scientific Session 3:</b> <b>Theme: Medical Device assessment and procurement best practices</b>	13:30–16:00
<b>Abstract Oral Presentation</b> <b>Panel discussion about Day 1 of the Congress</b>	16:20–18:00
<b>Banquet</b>	18:30–20:00
Oct 22 <sup>nd</sup>	
<b>Scientific Session 1:</b> <b>Theme: HTM Professional Development, Education, Certification, and Training</b>	09:00–12:00
<b>Scientific Session 2:</b> <b>Theme: Medical device maintenance/support models</b>	09:00–12:00
<b>Panel discussion among key leaders in identifying and addressing global issues in CE and HTM</b>	10:00–12:00
Free Activities	

**Join us in Hangzhou -become a ICEHTMC congress delegate today!**

Pre-registration is now available. Registration MUST be completed through the official website (<http://www.icehtmc.com>)

**We are calling for new abstract and paper submissions to ICEHTM2015 that will be aligned with our 9 Scientific Program tracks.**

Submission Email: [icehtmc@126.com](mailto:icehtmc@126.com)  
 Submission Deadline for Abstracts: August 1, 2015  
 Submission Deadline for the Original Articles: August 20, 2015

**Full congress registration fees**

Member of endorsing organization:  
 Early Until August 1st 100 US\$  
 Late After August 1s 175 US\$  
 On-site October 21st 200 US\$

Non-member of endorsing organization  
 Early Until August 1st 225 US\$  
 On-site October 21st 300 US\$  
 Late After August 1st 275 US\$

Student (with proof of full time academic status)  
 And Developing nations: 50 US\$
